

Refer a new customer and receive

Free Service For A Month!

Our most successful advertising has always been through you, our customer. So from now on, we are offering our best ever referral program. When you refer a new client, you receive one month of free service (regular service only, does not include product or livestock. Free month is awarded after new clients' payment of their first month's service). Not only that, this promotion applies to every new referral that you send our way!

We also appreciate your feedback and we have been adding improvements to better serve you. Here's what's new at Shiny Fish:

- Portable Credit Card and Debit machines to enable customers to accumulate points.
- New Aquarium/Pond Technician Christopher Mitchell.
- One month guarantee for freshwater and saltwater fish.
- Launch of our new web site with photo gallery and details about our services.
- 3 new Saltwater fish wholesalers for greater variety and selection.
- Streamlined policies and procedures so you can expect the same great service at every visit.
- New Bookkeeper and accounts manager Erin Briscoe (accounts@shinyfish.ca or 604-534-3139) for all your account needs or questions.

We are very excited about our continued growth year after year and because of you, we also remain the best servicing company for the Lower mainland & Fraser valley. Take advantage of this new referral program and start earning free service now. As always, thank you for your continued business and support.
